

# Labour, tomorrow.

---

## Aims

### Labour tomorrow is...

...committed to rebuilding a consensus for a Labour Government.

...seeking to re-balance the British political landscape through supporting and promoting the development of centre-left thinking in British politics.

...aiming to do this through project and stream funding for organisations or individuals that can develop new policy ideas, build new activist networks, promote progressive campaigns and in digital media.

...able to offer expertise and confidence for individuals seeking to support centre-left projects and organisations.

...abiding by the Political Parties, Elections and Referendums Act (PPERA).
